

# PHONE SYSTEMS

## FOR REAL ESTATE PROFESSIONALS

### Maximize Occupancy & Reduce Turnover

**M5** understands that the telephone needs of Real Estate organizations are different than those of other enterprises. That's why there's no such thing as a generic solution from M5. Our Hosted, Managed VoIP Phone Systems are optimized for Real Estate and are based on in-depth knowledge of the issues that face both commercial and residential property firms.

#### **M5** helps Real Estate companies:

- Let the phone system, not the customers, do the hunting
- Quantify marketing effectiveness and service levels with real-time analytics
- Integrate with a business application
- Unify all locations under a single phone solution
- Provide the best Real Estate professionals the opportunity to work from anywhere with remote collaboration
