

# WIRELESS COMMUNICATION SOLUTIONS FOR CRE

Technology innovation in wireless communication is dynamically changing. As a trusted advisor, RF Connect turns the challenge of uncertainty into opportunities to improve analytics and operational efficiencies, enhance occupant experience, and achieve ROI. Put simply, RF Connect helps IT Leaders become Heroes of Connectivity.

**RF | CONNECT**<sup>SM</sup>  
Intelligence Begins Here.

## SOLUTIONS

Cellular, CBRS,  
Life Safety, Wi-Fi &  
Structured Cabling

## FUNDING

Free (or mostly free)  
negotiated cellular  
wireless systems

## SERVICES

Turnkey design,  
deployment, management  
& maintenance

**RF | CONNECT**<sup>SM</sup>  
Intelligence Begins Here.

## FUNDING

We remove financial obstacles between you and cellular connectivity!

- Full capital funding for wireless systems
- Infrastructure-as-a-Service
- Free up capital for core investments
- Revenue sharing potential
- Reduced risk

## CARRIER COORDINATION

We handle the stress and uncertainty of delivering multi-carrier cellular service!

- Partner of AT&T, Verizon, Sprint, T-Mobile
- Obtain carrier signal sources & licensing
- Meet carrier network build-out standards
- Accelerate the on-air date
- High-performance network backhaul

## NETWORK MANAGEMENT

We eliminate the complexities of wireless networks!

- Turnkey design, deployment, monitoring & maintenance
- 20+ year technology solution
- Reduced risk & TCO
- Control over wireless connectivity destiny
- Life-safety compliance

## WI-FI RELIEF

We put the benefits of CBRS performance, reliability and security in your hands!

- Mission-critical & business-critical quality
- Multi-carrier cellular support
- Enable smart building applications
- Monetization platforms
- Roadmap to 5G

## 5G READINESS

We prepare your building for the 5G revolution!

- Future-ready wireless solutions infrastructure
- 10x speeds for occupant experience
- IoT sensing for smart building outcomes
- Low latency for Industry 4.0 Automation and other niche applications

BECOME A HERO OF CONNECTIVITY

### TECHNICAL EXCELLENCE, PERSONALIZED DELIVERY

RF Connect is a global leader and innovator providing telecom/ wireless services to design, optimize and manage high performance wireless networks today and in the future. With an impressive portfolio backed by cutting-edge technology and top-notch teams with proven success in high profile and complex venues, RF Connect is at the forefront of world-shaping wireless technology exceeding expectations as a world-class company providing network solutions to customers that demand the utmost in reliability, security and scalability across their wireless network infrastructures. For more information visit [www.rfconnect.com](http://www.rfconnect.com).
