

AT HOME, IN TRANSIT, ON-SITE

The New Workplace Experience

Daily touchpoints for a smart campus

View Calendar & Meetings

To start the day, open up your employee app and scan for upcoming meetings, times, and locations

Find and Book A Desk

Schedule Amenities

Book your time slot at the gym, order your morning coffee, and schedule your yoga class.

Take Health Survey

Contactless-Entry with QR Code

Enable contactless-entry to buildings, elevators and other secure spaces.

Get Directions & Parking Assistance

Turn-by-turn navigation to your workplace with smart parking assistance once you arrive.

Indoor Navigation

Use a live map and blue dot wayfinding to go straight to your destination.

Book Conference Rooms & Find Colleagues

See the location of your colleagues in real-time and get turn-by-turn navigation to their location.

File Support Tickets

Visitor Management

Easily check-in and see the location of guests in your building.

Automatic Desk Release & Cleaning Request

Desks automatically go back into inventory if employees do not show up or can be put into a cleaning queue when a reservation is completed.

Check Company News, Events and Updates

Keep an eye on upcoming employee events and view articles from thought leaders within your organization.

Smart workplaces begin with smart technology

Contact us today to learn more about how our mobile app platform can help empower your teams and give them a workplace experience that works for them - wherever they are working from.
