

INTEGRATED BUSINESS & TECHNOLOGY SOLUTIONS

JDR Consulting, LLC is a global management consulting, technology advisory and managed services firm. For over 15 years, companies have turned to JDR to help solve their most critical business challenges. As a full-service consultancy, we offer high level executive oversight and depth of industry knowledge, as well as the delivery-level programmers, product experts and project management talent needed to implement effective solutions.

EXTENSIVE EXPERIENCE

We've successfully completed hundreds of implementations and can offer the expertise and best practices needed to not only implement your technology, but customize the integration to meet your organization's specific needs. Our consultants come from diverse background and certification levels including CPA's, Property Managers, IT Developers/Programmers and Project Managers. This experience is leveraged to apply the most efficient approach with each initiative, resulting in increased effectiveness.

TRANSFORMING TECHNOLOGY

JDR's proprietary, time-tested process of discovery, design, implementation and support will transform your under-performing business units and technologies into efficient, effective and essential business assets.
