

# OneBOX™ LORA® GATEWAY + SENSOR + CLOUD

## Everything you need to make your building Smart!

The MultiTech OneBox™ Smart Building kit gets you up and running in minutes using LoRaWAN® technology and wireless sensing. The OneBox kit includes the award-winning MultiTech Conduit® AP indoor gateway, MultiTech wireless sensors, and all the tools you need to achieve insight from sensor to cloud. Streamline your productivity by monitoring your assets. Developing and deploying LoRaWAN enabled solutions just got a whole lot easier with OneBox.

One box. One vendor.  
Delivering value on day one.
