CASH FLOW MODELING & VALUATION REINVENTED

IT'S TIME TO EMBRACE A NEW STANDARD

IT'S TIME FOR VAL

 VAL is a cloud-based, intuitive, easy-to-use CRE valuation platform

 VAL has over 85 built-in reports including, but not limited to: rent rolls, cash flow, valuation, stacking plan, underlying support schedules, assumption audit and more. All reports can be exported to Excel

 VAL provides enhancements and upgrades continually rolled out at no added cost or disruption to users

 VAL is Mobile. Login to VAL from anywhere, on any device

 VAL models can easily be shared with users and non-users alike

 VAL comes with a robust API allowing for 3rd party integration empowering the user to make smarter decision and run better analytics

 VAL is affordable, requires no installation, and no costly infrastructure to maintain

 VAL allows you to quickly and easily import other supported valuation models using our custom import tool
