EMBRACING CHANGE

RETHINK | INNOVATE | TRANSFORM

Everyone is always talking about change. It is one of the cornerstones of business. Without change, even the biggest and best companies become irrelevant. If we assume that every organization changes to some extent overtime, the bigger question is how much and how fast? Why do some companies have the capacity to see the future sooner and transform their organizations accordingly?

If you are a Technology Solutions Provider with a product or service for the corporate real estate community, then CoRE Tech 2019 – the only networking and educational conference for the Corporate Real Estate Industry that focuses exclusively on the topic of technology, automation and innovation – is the place to be this November! Contact our event team for more information about sponsorship and exhibitor pricing and benefits.
